PROJECTS

REST Countries API 🌐

TailwindCSS, ReactJS

This REST Countries API provides users with an immersive exploration of global data.

- It allows users to access a vast database of countries, presenting all relevant information on the homepage for easy access.
- I implemented a user-friendly search feature, enabling users to quickly find specific countries by name or Region.
- The application adapts to different screen sizes, ensuring an optimal layout regardless of the user's device.

Custom Form Validation 🌐

HTML, CSS, JavaScript

A sign-up form with client-side validation. Responsive modern website with a responsive UI.

- Engineered an intuitive and responsive validation system ensuring data accuracy and enhancing user experience.
- Demonstrated expertise in front-end development by creating a seamless, form validation process, ensuring that data submitted complies with the specifications stated in the different form controls.

Manage Landing Page 🌐

HTML, CSS and JavaScript

Manage landing page with modern and responsive user interface design.

- Crafted a visually captivating landing page leveraging HTML, CSS, and JavaScript, where dynamic animations and an interactive carousel were expertly integrated.

PROFESSIONAL EXPERIENCE

Executive Secretary

Global NiyNik Nigeria Limited

12/2021 – 06/2022

- Handled various challenges with a proactive and adaptable approach, employing strong communication skills to navigate complex situations.
- Orchestrated seamless communication among multiple departments, fostering cohesive interactions and ensuring information flow between executives, teams, and external stakeholders.
- Provided consistent support to team members, offering assistance and communication channels to address their needs, contributing to a positive and productive work environment.
